THE EVOLUTION OF THE  
DC UNIVERSE BEGINS  
JANUARY 2023

# WHAT'S INSIDE

## BATMAN 1

Writer Chip Zdarsky and artist Mike Hawthorne reunite for a new arc of *Batman*—and after Failsafe, there's no Dark Knight to protect Gotham City. In happier news, *Nightwing* hits issue #100, and it's an all-star celebration! The final season starts in *Batman: The Adventures Continue Season Three #1*! Plus, Joshua Williamson and Howard Porter join forces for *Batman - One Bad Day: Bane*, an epic exploration of the man who broke the Bat!

## LAZARUS PLANET 2

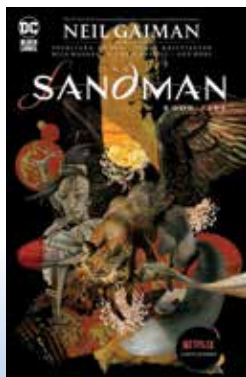

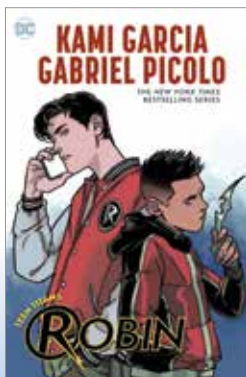

Following the events of *Batman vs. Robin #4*, the Lazarus Volcano has erupted—resulting in chaos across the DC Universe! People without powers will develop them for the first time...and those already with extraordinary abilities will see them change! And what does Monkey Prince have to do with all of this? The story starts in *Lazarus Planet: Alpha*, and continues in the one-shots *Lazarus Planet: Assault on Krypton*, *Lazarus Planet: We Once Were Gods*, and *Lazarus Planet: Legends Reborn!*

## ACROSS THE MULTIVERSE 16

*Action Comics* expands to three epic stories per issue this month, featuring Metallo, Doombreaker, and Power Girl in issue #1051! All-star creators honor Black History Month in *DC Power: A Celebration!* Jeff Lemire and Doug Mahnke's *Swamp Thing: Green Hell #1* returns for a second printing, before the long-awaited issue #2 arrives later in the year!

## COLLECTED EDITIONS AND GRAPHIC NOVELS 24

The bestselling duo of writer Kami Garcia and artist Gabriel Picolo are back with their latest DC graphic novel for young adults: *Teen Titans: Robin*, starring both Dick Grayson and Damian Wayne! James Tynion IV and Álvaro Martínez Bueno's blockbuster horror hit concludes in *The Nice House on the Lake Vol. 2!* Neil Gaiman's epic expands in *The Sandman Book Five*, including *The Sandman: Endless Nights* and more key expansions of the seminal saga!

## CHANGE THE WORLD.

Following the explosive (literally) events of *Batman vs. Robin #4*, the Lazarus Volcano has erupted, spewing dangerous and transformative chemicals into Earth's atmosphere! As these Lazarus clouds rain down upon the planet, people across the globe begin to develop strange new abilities, watch their already-extraordinary abilities change, and witness a whole host of chaos unlike anything the DCU has experienced before! It's up to Damian Wayne to put out the distress call for whoever can still hear it: come to the ruins of the Hall of Justice and help save the world! Poison Ivy, Power Girl, Cyborg, Batman, and more answer the call...but why could the fate of all life as we know it rest in the hands of...Monkey Prince?

As the Lazarus rain beats down upon planet Earth, human beings are only a fraction of those affected by this transformative upheaval—enter: *We Once Were Gods*. This series of vignettes explores Lazarus Planet's effects across the many extraordinary locations and creatures in the DC Universe, and like their human counterparts, these beings are in for some big changes. Can Themyscira survive the resurrection of every invading army that ever graced its shores? Will Martian Manhunter survive a psychic link to a Doomsday nest? What happens when the monsters from the Trench gain the ability to breathe air? And look out, Shazam Family...the Rock of Eternity is about to *get rocked*.

The Dark Knight and the Clown Prince of Crime's alliance started off shaky, but now it seems to have shattered entirely. Batman has imprisoned The Joker in the Batcave, desperate to find answers about both the disappearance of Jim Gordon and the strange, genetically modified humanoid monsters gathering severed heads across Gotham. But when one of these monsters' tissue samples comes to life, Batman comes face-to-face with a creature even the World's Greatest Detective doesn't fully understand, and he may have no choice but to resume his partnership with his greatest enemy.

### A PAST, PRESENT, AND FUTURE DESTROYED BY VENOM!

Bane broke the Bat—he's one of the only villains to ever truly vanquish the Dark Knight—but is that all he's ever accomplished? Decades from now, Bane is a washed-up wrestler reliving his glory days in the ring, defeating someone dressed like Batman every day. But when he discovers that there's a new source of Venom in the world, he'll do everything he can to shut down the facility it's coming from for good and make sure that no one takes the poison that ruined his life. An epic saga set throughout Bane's life, expanding on the hopes, dreams, regrets, and failures of one of DC's most legendary villains, brought to you by the iconic creative team of Joshua Williamson (*Dark Crisis on Infinite Earths*, *The Flash*) and Howard Porter (*The Flash*, *Justice League*).

The guest list is strictly villains only, and the outlaw Red Hood fits the bill --putting him on a collision course with Batman's deniable black-ops team, the Outsiders! With Lazarus Island spawning wild-card superpowers across the globe, the stakes could not be higher. Jason Todd, Black Lightning, and Katana will have to put aside their differences to save Batman's legacy --and with it, the world. That's assuming they don't kill each other first!

DC is proud to present a selection of eight stories of rapsallion romance, prodigious passion, and undulating, unbridled affection. Tension builds as Apollo and Midnighter are captured by an unknown alien species who are determined to learn the secrets of their super-soldier success. Harley Quinn gets caught in a scintillating fantasy: What would life have been like if she and Ivy had met in high school? Also featuring Fire and Ice heating things up, fan-favorite heroine Power Girl's romantic tale, John Constantine's mysterious tryst, an amorous Aquaman adventure, and many more! These are lovelorn fantasies as only DC can tell them...but it's not a Harlequin romance... prepare yourself for the Harley Quinn Romances!

*Action Comics* #1051 begins a new format for DC's most action-packed title, offering not one, not two, but *three* epic adventures of Superman and the entire Super-Family! Following the bombshell events of *Action Comics* #1050, the world's relationship with Superman is forever changed, the upper limits of his supercharged powers have yet to be reached, and the House of El's transformation of Metropolis, led by Steel, has begun. But Lex Luthor has found the perfect instrument with which to undo everything Superman is working to achieve: Metallo, whose hatred of Superman is matched only by his hatred for Luthor himself. Then, in "Lois and Clark 2: Doom Rising," Dan Jurgens and Lee Weeks return to tell the tale of young Jon Kent on the farm with his parents, learning about his abilities, coming of age...and battling the Doombreaker?! And finally, Power Girl returns in part one of a three-part story spinning out of *Lazarus Planet*!

This issue marks the first appearance of new characters, new costumes, and a new era of *Action Comics*! It all starts *here*!
